Meriden appoints an Aqua specialist in a new Technical Support role

Meriden Animal Health Limited has appointed Mr Matt Pearce as International Technical Support Specialist. Matt will head up the Aqua division at Meriden Animal Health and give support to the growing demand from the Orego-Stim[®] Aquatract product range.

Matt has 10 years international experience working in commercial fisheries and aquaculture and has a Masters Degree in Aquatic Pathobiology from the Institute of Aquaculture, University of Stirling.

Orego-Stim[®] Aquatract

Matt said he is looking forward to building his career within the animal feeds sector at Meriden Animal Health which offers practical and economic solutions to modern agricultural practices.
