28th April 2008

Ghazi Brothers introduce *Orego-Stim*[®] to the Pakistan Poultry market

William Stewart from Meriden Animal Health Limited (www.meriden-ah.com) recently supported Ghazi Brothers as they introduced *Orego-Stim*[®] to the Pakistan Poultry market.

Ghazi Brothers the leading company based in Karachi have been appointed by Meriden Animal Health Limited as the sole distributor of *Orego-Stim*[®] in Pakistan.

The trends in the Pakistan market are now changing and beginning to follow the feed additive laws and regulations within the EU. Therefore there is now a growing need for natural alternative feed additives of which *Orego-Stim*[®] is the **original** breakthrough product.

Using *Orego-Stim*[®] in the feed or water will benefit **broiler and layer production by:**

- Helping to maintain a healthy immune system
- Maximising intestinal health
- Producing drier faeces + drier litter = less ammonia
- Reducing mortality
- Decreasing incidences of diarrhoea caused by common intestinal diseases
- Improving efficiency of growers
- Providing extra protection during stressful periods
- Improving growth rates and feed conversion ratio
- Improving the efficiency of layers and uniformity of the eggs
- Increasing egg production
- Reducing the number of cracked, inferior and dirty eggs
