

# OREGO-STIM®

A Meriden Animal Health Product

## 100% NATURAL FEED ADDITIVE BOOSTS PERFORMANCE AND REDUCES FEED COSTS

*Orego-Stim*® is the 100% natural feed additive that is being used globally to improve intensive Poultry and Swine production.

Using *Orego-Stim*® in the feed or water will enhance **swine** production by:

- Adding loin depth → leaner carcass = Higher Returns
- Increasing fertility, litter size and weaning weight
- Reducing stress during weaning
- Improving growth and feed conversion ratio
- Maximising intestinal health
- Decreasing incidences of diarrhoea caused by common intestinal diseases
- Optimising growth of the intestinal villi for better absorption of nutrients
- Helping to maintain a healthy immune system
- Improving palatability and feed intake
- Increasing sow's milk production

Using *Orego-Stim*® in the feed or water will benefit **broiler and layer** production by:

- Helping to maintain a healthy immune system
- Maximising intestinal health
- Producing drier faeces + drier litter = less ammonia
- Reducing mortality
- Decreasing incidences of diarrhoea caused by common intestinal diseases
- Improving efficiency of growers
- Providing extra protection during stressful periods
- Improving growth rates and feed conversion ratio
- Improving the efficiency of layers and uniformity of the eggs
- Increasing egg production
- Reducing the number of cracked, inferior and dirty eggs

**Tried and tested** - *Orego-Stim*® has been continuously researched over many years. Full commercial, clinical and university trials are available on request.
