No. 65

20<sup>th</sup> April 2008

### **Expoaviga 2008 15<sup>th</sup> – 18<sup>th</sup> April 2008**

Adial Nutrition S.L has been the distributor in Spain for Meriden's wide range of feed additives for many years.

Adial Nutrition S.L exhibited at Expoaviga 2008 and they used it as an opportunity to continue to promote *Orego-Stim*<sup>®</sup> for use in Poultry.

Adial Nutrition S.L have been successfully supplying the Spanish swine market with the benchmark 100% natural product *Orego-Stim*<sup>®</sup> for 8 years and have now begun to promote the benefits of using *Orego-Stim*<sup>®</sup> in poultry to some of the largest poultry producers in Spain.

Using *Orego-Stim*<sup>®</sup> in the feed or water will benefit **broiler and layer** production by:

- Helping to maintain a healthy immune system
- Maximising intestinal health
- Producing drier faeces + drier litter = less ammonia
- Reducing mortality
- Decreasing incidences of diarrhoea caused by common intestinal diseases
- Improving efficiency of growers
- Providing extra protection during stressful periods
- Improving growth rates and feed conversion ratio
- Improving the efficiency of layers and uniformity of the eggs
- Increasing egg production
- Reducing the number of cracked, inferior and dirty eggs
